U.S. ARMY CORPS OF ENGINEERS

1981 OFFICER DIRECTORY

A new Corps of Engineer crest makes its debut in 1981! The Chief of Engineers, his deputy, and all Corps military personnel in field operating activities began receiving the new unit crest in January of this year. Approved by the U.S. Army Institute of Heraldry, which also developed the dyes needed to cast the insignia, the crest shows a gold eagle, symbolizing the nation, standing behind a white castle tower which represents the Corps and its construction mission. A blue globe with rising sun reveals the worldwide scope of the Corps' mission and its service to the nation in the past, present, and future. The globe has gold olive branches on one side and oak leaves on the other, symbolizing the peaceful nature of the Corps mission, and yet its strength and fortitude. In its beak, the eagle holds a blue banner inscribed with the Corps historic motto "Essayons" — Let Us Try!

DIRECTORY

CORPS OF ENGINEERS

OFFICERS AND WARRANT OFFICERS

FOREWORD

GENERAL. This is a directory of all Primary and Alternate Specialty 21 officers and those officers with a control branch of Engineers. It also includes warrant officers with a primary/alternate specialty of 621A, 811A, 833A, 821A, and 310A.
